PROJECTS [🔗 ref](#) - [Portfolio page](#)

SDkart — Shopping website

- **Description:** This is a robust and intuitive messaging platform developed using the MERN stack (MongoDB, Express.js, React.js, and Node.js). Designed to offer a seamless communication experience.
- **Technologies Used:** React, Node.js, Express, MongoDB, CSS, HTML
- **Features:** Real-time chatting, contact listing
- **Outcome:** Successfully created a messaging app which delivers a seamless chatting experience.

SDkart — Shopping website

- **Description:** Developed a fully functional e-commerce platform using React for the front-end and Node.js with Express for the back-end.
- **Technologies Used:** React, Node.js, Express, CSS, HTML
- **Features:** Product listing, shopping cart, and checkout process.
- **Outcome:** Successfully created a seamless shopping experience, enhancing user engagement and satisfaction.

SDWeather — Real-time Weather app

- **Description:** Created a weather application that provides real-time weather information based on user location.
- **Technologies Used:** React, CSS, HTML
- **Features:** Location-based weather updates, and a clean, responsive design.
- **Outcome:** Delivered a user-friendly weather site with accurate and up-to-date information.

TicTacToe — Tictactoe game

- **Description:** Developed an interactive tic-tac-toe game using React.
- **Technologies Used:** React, CSS, HTML
- **Features:** Responsive design, player vs. player mode, and a dynamic game board.

- **Outcome:** Created an engaging and interactive game that works seamlessly across devices.

My portfolio—portfolio website

- **Description:** Designed and developed a personal portfolio website to showcase freelance projects and skills.
- **Technologies Used:** React, CSS, HTML
- **Features:** Project showcase, contact form, and responsive design.
- **Outcome:** Effectively showcased web development skills and attracted new freelance clients.

Conclusion

Thank you for considering my application. With a solid foundation in web development and hands-on experience in creating dynamic, user-friendly websites, I am confident in my ability to contribute effectively to your projects. I look forward to the opportunity to discuss how my skills and experiences align with your needs.
